

Butterflies of Sri Lanka

ශ්‍රී ලංකාවේ සමහළුයින්

இலங்கையின் வண்ணாத்திப் பூச்சிகள்

Gehan de Silva Wijeyeratne

ගෙහන් ද සිල්වා විජේරත්න
கெஹான் த சில்வா விஜேயரத்ன

Status

The key used for the status in Sri Lanka is as follows.

C = Common	R = Resident
U = Uncommon	M = Migrant
S = Scarce	E = Endemic
H = Highly as in Highly Scarce	V = Vagrant
(Very Scarce is not used as V is already used to denote vagrant)	

As can be seen from the table above, an indication of abundance on the left column combines with an indication of status on the right hand column, to indicate the overall status of a species.

Thus HSR means Highly Scarce Resident, CR means Common Resident and so on.

තත්වය

මෙම සුවිශේෂ රටතුල තත්වය පෙන්වුම් කරයි.

C = සුලභ	R = නිවැසී
U = සුලභ නැති	M = නිහැරි/සංචාරක
S = දුර්ලභ	E = ආවේනික/තැන්වැනි
H = ඉතා	V = ආකාලේ ගත

ඉහත දැක්වෙන වගුවෙහි වම් තීරුවේ විශේෂයේ සුලභතාවයත් දකුණු තීරුවේ රටතුල තත්වයත් පෙන්වුම් කරයි.

උදාහරණයක් වශයෙන් HSR යනු ඉතා දුර්ලභ නිවැසියෙකි, CR යනු සුලභ නිවැසියෙක් වශයෙනි.

தராதரம்

இவ்வட்டவகை நட்டிலுள்ள நிலைமையை காட்டும்

C = பொதுவானவை	R = உள்ளூர்
U = அருமையானவை	M = புலம்பெயர்ப்பவை
S = அற்புதமானவை	E = குறிப்பானவை
H = அதிஅற்புதமானவை	V = அலைந்துதிரிவன

மேலே உள்ள அட்டவகையில் இருந்து அறிந்துகொள்ளக்கூடியது என்னவெனில், வலதுபக்கக் கூட்டினுள் ஏறித்துக்காட்டப்பட்டுளவையுடன் இடதுபக்கக் கூட்டில் குறித்துக்காட்டப்பட்டவையை இணைத்து ஒட்டுமொத்த இனங்களினதும் தராதரத்தைக் குறித்துக் கட்டுதலாகும்.

ஊதாரணமாக HSR என்பது அதிஅபூர்வ உள்ளூர். CR என்பது பொதுவான உள்ளூர்

Acknowledgements

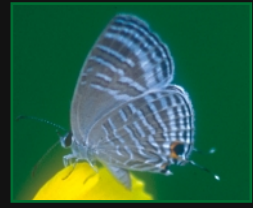

Gehan de Silva Wijeyeratne wishes to thank all of those people in tourism, research and conservation in the private sector and state agencies and his friends and family who have helped him over many years to publicize Sri Lankan wildlife.

Gehan de Silva Wijeyeratne

Averaging weekly media appearances, Gehan is one of the best known wildlife and tourism personalities in Sri Lanka. He is using his activities as a writer, photographer and tourism personality towards the creation of a million wildlife enthusiasts in Sri Lanka by the year 2025. He graduated in Engineering from Imperial College, qualified as a Chartered Accountant and worked as a Banker in London before returning to Sri Lanka after fifteen years in the UK.

Books which he has lead authored and/or photographed include *A Birdwatchers Guide to Sri Lanka* (Oriental Bird Club, UK), *A Photographic Guide to the Birds of Sri Lanka*, *Magic of Sri Lanka* and *Portrait of Sri Lanka* (New Holland, London), *Leopards and other Wildlife of Yala* and *Shorebirds an artist in the field*. His work also appears regularly in newspapers and magazines, locally and internationally.

Gehan can be found on www.gehandesilva.com, Flickr and Facebook.

The Photo Booklet Series by wildlife populariser Gehan de Silva Wijeyeratne provides portable and affordable photographic guides to Sri Lanka's fauna and flora. It is hoped that the series will be a first step towards learning the identification at species level.

This booklet includes photographs of 96 of Sri Lanka's 243 species of butterflies and skippers. Advanced users may also find the colour plates convenient for use in the field to complement the more advanced books which are too cumbersome to be carried into the field.
